2007

Tadelakt Masters

Five students recently completed the Tadelakt Moroccan plaster class at Greenstone Arts in Placerville California taught by Dimensions Instructor Elke Falkenberg. They learned the ancient technique that “massages” plaster with stones to achieve an organic waterproof finish. Congratulations to all who participated! Their samples will be posted on our website. We are planning a Tadelakt workshop at our Florida Studio soon. If you are interested, please call us!
